

## Project Purpose

Enhance and upgrade the City's video system including video surveillance cameras, license plate readers at key locations throughout the city as well as coordination of video feeds with schools and local businesses. The proposed Video Network plan will extend the vision of community policing efforts, provide a visible deterrent to criminal activity as well as proved a valuable tool for investigating criminal activity in the city.

## Project Description

Install and upgrade video cameras at key locations throughout the city. The plan includes installing video cameras at various City Buildings to include Municipal Services, Fire Department, Parks - such as, Legler Barn, park areas and city pools. This includes the addition of several cameras and license plate readers at high traffic intersections. There will also be emphasis to connect to video feeds from schools, and local businesses as available.

## Location

Municipal Services Center, Fire Stations, City parks and pools, Legler Barn

## Designer

To be determined.

## Contractor

To be determined.

## Implementation Timeline

2013 - 2017

## Total Cost

\$603,093

## Funding Sources

**City:** \$603,093 (100%)

- Capital Improvement Fund (CIF)
